ChatGPT prompts for Quick Fight art

Make the art in this order:

1. **Step 1, main character designs.** For each character: master design, turnaround, expressions, portrait and tool. The master design becomes the reference for everything else.
2. **Step 2, pose sheets.** 7 sheets per character, which become the moves in the game.
3. **Step 3, stage backgrounds.**

STEP 1: MAIN CHARACTER DESIGNS

How to do Step 1

1. **Start with Arghya**, in a new ChatGPT chat. Attach a clear **photo of the real Arghya** (face visible, good light), and send the prompts below one at a time.
2. **Lock in the master design (prompt A) before anything else.** Regenerate until you love it, because every other image copies it. Download it as `arghya_master.png`.
3. **For prompts B–E, attach the master design** (not the photo) and send them in the same chat.
4. **For the other three characters,** start a new chat each and attach **two images**: a photo of that person, plus **Arghya's master design as the style reference**. That keeps all four looking like they're from the same game.
5. All four people have agreed to appear in the game (design doc). Keep it to these four. No other real people, brands or logos.

The STYLE block (included in every prompt below)

> **Art style:** premium 2D fighting-game character art. Bold clean black comic-book outlines of even thickness, flat cel shading with one soft shadow tone, strong readable silhouette, slightly heroic proportions (about 7 heads tall), vivid cyan, magenta, yellow and black accents from the print-shop theme. Light from the left. No text, no labels, no logos or brand marks on clothing or shoes.

ARGHYA: character design (Step 1)

A. Master design (the most important image)

Create an original 2D fighting-game character based on the attached photo of a real person. Keep his real face recognisable: same face shape, eyes, nose, beard and hairstyle.

Character: Arghya, the all-rounder fighter of a print-shop fighting game. A South Asian man with curly black hair (short fade on the sides), a short beard, dark rectangular sunglasses, an open black-and-white geometric-pattern overshirt with rolled-up sleeves, a black t-shirt with cyan-magenta-yellow paint splashes, black cargo pants with paint splatter, tan work boots, black-and-yellow fingerless gloves and a silver chain necklace. He holds a giant squeegee-hammer: a long paint-splattered handle with a wide flat rectangular squeegee head dripping pink paint.

Image: ONE full-body view of him in a confident fighting stance, three-quarter view facing RIGHT, holding the squeegee-hammer diagonally across his body with both hands. Whole body visible from head to boots, centred, on a plain flat light-gray background. Only one person.

Art style: premium 2D fighting-game character art. Bold clean black comic-book outlines of even thickness, flat cel shading with one soft shadow tone, strong readable silhouette, slightly heroic proportions (about 7 heads tall), vivid cyan, magenta, yellow and black accents from the print-shop theme. Light from the left. No text, no labels, no logos or brand marks on clothing or shoes.

B. Turnaround

Same character as the attached master design: Arghya, identical face, hair, sunglasses, clothes, colours and squeegee-hammer.

Image: a character turnaround sheet with 4 full-body views in one row, the same size, standing in a neutral pose with the hammer at his side: 1 front view, 2 three-quarter view facing right, 3 side view facing right, 4 back view. Feet on the same ground line, evenly spaced, not overlapping, plain flat light-gray background. Only this one character.

Art style: premium 2D fighting-game character art. Bold clean black comic-book outlines of even thickness, flat cel shading with one soft shadow tone, strong readable silhouette, slightly heroic proportions (about 7 heads tall), vivid cyan, magenta, yellow and black accents from the print-shop theme. Light from the left. No text, no labels, no logos or brand marks on clothing or shoes.

C. Expressions (used on the results screen and in Story mode)

> Same character as the attached master design: Arghya, identical face, hair, sunglasses and clothes.
>
> **Image:** an expression sheet in a 3 × 2 grid of equal square panels, head and shoulders in each, three-quarter view facing right, a small paint-splash in the background of each panel. Top row, left to right: 1 neutral and confident, 2 shouting a battle cry with a raised fist, 3 hurt, wincing, holding his cheek. Bottom row, left to right: 4 laughing in victory, 5 smirking and pointing forward, 6 dizzy and knocked out, eyes spinning, stars circling his head. Thin gaps between panels, no text.

Light from the left. No text, no labels, no logos or brand marks on clothing or shoes.

D. Portrait (character select screen)

> Same character as the attached master design: Arghya, identical face, hair, sunglasses, clothes and squeegee-hammer.
>
> **Image:** a square character-select portrait, chest up, three-quarter view facing right, the squeegee-hammer resting on his shoulder, a confident look. Background: a dark backdrop with explosive cyan, magenta, yellow and white paint splashes and a rim light around him. Face in the upper-middle of the image. No text.

Light from the left. No text, no labels, no logos or brand marks on clothing or shoes.

E. Signature tool close-up

> The giant squeegee-hammer from the attached master design, exactly the same design and colours, shown alone: full length, lying diagonally, on a plain flat light-gray background. A long paint-splattered handle with a taped grip, a wide flat rectangular squeegee head with metal brackets, dripping pink paint. Bold clean comic-book outlines, flat cel shading. No hands, no person, no text.

JITU, TAMAL and BRAD: character designs (Step 1)

Use the **same 5 prompts (A–E)** as Arghya, with these changes:

- **In prompt A**, attach **two images**: a photo of the real person, and **Arghya's master design**. Start the prompt with: *"Use the second image only as the art-style reference:*

same drawing style, outlines, shading and proportions, but a completely different person and outfit." Then replace the **Character** paragraph with the one below.

- **In prompts B–E**, attach that character's new master design and replace "Arghya" with his name.
- Replace the hammer with his tool: in A's **Image** line, in D (the portrait) and in E (the tool close-up).

Jitu, Character paragraph:

> **Character:** Jitu, the fast rushdown fighter of a print-shop fighting game. Keep his real face from the photo recognisable. He wears a paint-splatter bomber jacket, a white t-shirt, a black chest harness, cargo joggers and plain high-top sneakers with no logos. A long steel ruler is strapped to his back and a box cutter hangs on his hip. **Image line:** a fast, low boxer-style fighting stance, ruler in his front hand.

Tamal, Character paragraph:

> **Character:** Tamal, the long-range zoner fighter of a print-shop fighting game. Keep his real face from the photo recognisable. He wears a black hoodie, an ink-stained work apron, a bandolier of ink cartridges across his chest and plain high-top sneakers with no logos. He carries a folding colour swatch fan. **Image line:** a calm, ready stance, an ink cartridge in one hand and the swatch fan in the other.

Brad Ballard, Character paragraph:

> **Character:** Brad Ballard, the boss: a big, powerful grappler. Keep his real face from the photo recognisable. Bald with a grey beard, wearing a white dress shirt with rolled sleeves, a loose navy tie, suspenders, an ID lanyard and a gold watch. He carries a heavy office stapler. **Image line:** a wide, heavy wrestler's stance, stapler gripped in one big fist.

Tool close-ups (prompt E): Jitu: the steel ruler and the box cutter side by side. Tamal: the folding swatch fan open, plus one ink cartridge. Brad: the heavy office stapler.

When Step 1 is done for a character: the Step 2 descriptions below for Jitu and Tamal have a **[HAIR AND FACE FROM HIS IMAGE]** gap. Fill it with what his finished master design shows (e.g. "short black hair, thin moustache").

STEP 2: POSE SHEETS

How to use these

1. **Open a new ChatGPT chat for each character.** Attach that character's **master design** in the first message and write: *"This is my character [NAME]. Remember him exactly for every image in this chat."*
2. **Send one prompt per message, in order (Sheet 1 → Sheet 7).** Attach the master design again with every prompt.
3. **Check each sheet before moving on:**
4. It must be the same person, with the same face, hair, clothes and colours.
5. It must show exactly 8 poses, all facing right, with only ONE person in the image.
6. If anything is wrong, reply: *"Regenerate. Keep the character identical to the reference, only one person, 8 poses facing right."*
7. **Download each finished sheet at full size.** Name it `<character>_sheet<number>.png` (e.g. `arghya_sheet1.png`) and send it to Claude.

Every prompt has three parts: **character description + sheet rules + the 8 poses.**

ARGHYA (the all-rounder; tool: giant squeegee-hammer)

Arghya, Sheet 1: Movement

> Same character as the attached reference image: Arghya, a South Asian man with curly black hair (short fade on the sides), a short beard, dark rectangular sunglasses, an open black-and-white geometric-pattern overshirt with rolled-up sleeves, a black t-shirt with cyan-magenta-yellow paint splashes, black cargo pants with paint splatter, tan work boots, black-and-yellow fingerless gloves, a silver chain necklace. He carries a giant squeegee-hammer: a long paint-splattered handle with a wide flat rectangular squeegee head dripping pink paint.
>
> A 2D fighting-game pose sheet: 8 full-body poses of this ONE character in ONE row, evenly spaced, not overlapping, on a plain flat gray background. ONLY ONE PERSON: never draw an opponent or anyone else. Every pose in three-quarter view facing RIGHT, the same size, filling the full image height, feet on the same ground line. STEP 3: STAGE BACKGROUNDS (no character image attached)

The Print Floor

> 2D fighting game stage background, very wide panoramic image, side view at eye level. A large print shop production floor at night under fluorescent lights: wide-format printers, a DTF printer, a heat press, stacks of paper, shelves of cyan, magenta, yellow and black ink, a roll-up garage door on the back wall with the street visible outside. Bold clean comic-book outlines, flat cel shading, in the style of a hand-drawn 2D fighting game. The bottom third of the image is an empty, flat, plain concrete floor for fighters to stand on, with no objects on it. No people, no text, no logos, no brand names.

The Design Studio

> 2D fighting game stage background, very wide panoramic image, side view at eye level. An open-plan graphic design studio in the evening: desks with monitors showing colourful layouts, pin-up boards with sketches, coffee cups, a client chair, large windows with a city skyline at dusk. Bold clean comic-book outlines, flat cel shading, in the style of a hand-drawn 2D fighting game. The bottom third of the image is an empty, flat wooden floor for fighters to stand on, with no objects on it. No people, no text, no logos, no brand names.
